SJÖBERGS BENCH TOP nr 33110 x4

This bench assembly is comprised of four Bench Tops 33110. Each top is constructed in solid, lacquered beech. The area of the top surface is 1600x1600 mm and the thickness is 60 mm. **Bench dogs are included.** There are four powerful shoulder vices in the traditional design. The vice sliding mechanism is smooth and if necessary can be easily adjusted. An optimal Sjöbergs Front Vice 33160 can be fitted to each workbench which would increase the working possibilities.

STEEL STAND nr 33198

Zink coated steel. Height adjustable steel stand for the 4-group version, 700–900 mm.

Gas Springs nr 33142 and Hydraulic Lift nr 33795 are sold as accessories. For a smoother adjustment we recommend the hydraulic lift.
