# KITCHEN SHARPENERS

## MASTER'S EDGE® SHARPENER

MEDGE1

The Master's Edge Sharpening System includes a pair of both medium (grey, 800 grit) and fine (white, 1000 grit) 9" ceramic rods for sharpening and professional grade polishing. Triangular rod sharpens all types of serrations, plus awls and fish hooks.

### FEATURES

- Most common angles: 17°, 20° and 25°
- Rubber non-slip base
- Easy snap-in rod storage
- Integrated hand guard

Pre-set, 17°, 20° and 25°, rod angles for a precision edge:

- 17° **Extra fine angle:** For fillet and fine slicing
- 20° **Fine angle:** For slicing, butcher, paring and skinning knives.
- 25° **Medium angle:** For hunting, camping, utility and chef's knives.

Hand guard in closed position

Rods store in the durable base

**Serrated**  
3 radius rod for all size serrations

**Straight**  
Sharpen all your straight edged knives
